PERGO®

FOR PARTNERS & PROFESSIONALS

FLOORS FOR REAL LIFE

At Pergo we build strikingly beautiful, extremely hard-wearing floors. No shortcuts, no compromises, just the best in Scandinavian function, design and engineering. We invented laminate flooring and in fact, we've been innovating floors that have gone from strength to strength from the 1970's.

Floors that are easy to install and maintain. And with one of the widest ranges around in wood, vinyl and laminate, you're sure to find the perfect one for you.

Come in and look around.

OUR AMBITIOUS CLIMATE TARGETS
FOR 2030 ARE VALIDATED BY THE
SCIENCE BASED TARGETS INITIATIVE.

DURABLE. NATURALLY.

We produce flooring as sustainable as possible, constantly innovating to minimize the potential impact on our planet. Therefore, we (Unilin Group) have linked ourselves to the Science Based Targets Initiative*. Our set and verified climate targets for 2030 put us firmly on the path to help limit global warming to 1,5°C, as outlined by the Paris Agreement.

GREEN ENERGY PRODUCTION
Unilin, the group behind Pergo, has invested in green energy for many years. Today we are operating at 60% renewable energy thanks to windmills, solar panels and even two co-owned biomass plants.

VINYL COMPONENTS
A Pergo vinyl floor consist of ±40% chalk, a material abundantly available in nature, ±25% internally recycled PVC generated from our own production waste, ±25% new PVC, made from chlorine (common salt) and ethylene (crude oil) and additives/plasticizers.

ORTHOPHTALATE-FREE
Additives in our vinyl flooring contain no harmful substances and are 100% orthophtalate-free. The only type of plasticizers we use are the same used in kid's toys and food storage purposes, which means they are completely safe.
We produce flooring in-house so we know exactly which materials they contain and we can control emissions of harmful substances. VOC emissions of our vinyl floors are lower than the European norm, resulting in an A+ rating and M1 label for very low emissions.

SWITCHING TO CIRCULAR PROCESSES
We want to reduce our carbon footprint, by limiting our use of new raw materials and switching to recycled materials.

INTERNAL ECOSYSTEM
More than 99% of our own industrial waste is recycled through our internal production process. We do not unnecessarily burn or dump materials and we operate our own internal closed circuit. This indicates that our production facility takes its responsibility seriously, ensuring that virtually no waste is lost or destroyed. Did you know that we have the biggest LVT-recycling unit in Europe? We recycle more than 40.000 tons of LVT each year. We are also pioneering in post consumer recycling projects and investing in new production technologies to switch to post consumer recycled content in the core of our future vinyl floors.

DURABLE PRODUCTS
We do everything possible to ensure our vinyl flooring will last up to lifetime. That's why we are proud to offer lifetime warranty** on our vinyl floor.

WHY PERGO VINYL FLOORS?

Our Rigid vinyl floors are truly the combination of comfort, beauty and lifelong durability, born out of Scandinavian minimalism and deep sense of quality. Pergo vinyl floors offer maximal choice, from soft carpet designs to cool Terrazzo stone tiles and warm oaks.

Soft, silent and comfortable to walk on, yet ultra-strong, with excellent resistance to wear and scratches as well as a watertight surface. Pergo Rigid vinyl is very much the stunning embodiment of worry-free floors ready for anything. With a lifetime warranty, there is really nothing to worry about, only to enjoy.

Whether you're into DIY or use a professional company, installing your Pergo Rigid vinyl floor is super easy, thanks to the Uniclic® and the Unizip® click systems. Additionally, they come with the underlay integrated, which means there is no need for a separate one. Slightly uneven surfaces? Not a problem for our Rigid vinyl – making them a great match for renovations.

In simpler terms, if you're looking for floors that offer both comfort and durability, while also being beautiful and easy to install, your search ends here.

SOFT & SILENT
It feels warm, soft, and silent to walk on yet the floor is ultra-strong and has excellent resistance to wear and impact.

WATER RESISTANT
The floor has a worry-free watertight* surface and offers high resistance to stains, making it a delight to clean.

NATURAL LOOK & FEEL
Extraordinary natural designs and a tactile, matte surface. The floor will keep its fresh appearance thanks to our new superior top layer.

EASY TO INSTALL
Fast, easy installation with Uniclic® or Unizip® click system, even on slightly uneven surfaces.** All Pad Pro floors have an integrated underlay, which makes installation even faster and easier.

ACCESSORIES FOR A PERFECT RESULT
Everything you need from installation to the finished result and after care. Tools, colour matched skirtings and profiles, efficient maintenance products and more.

LIFETIME WARRANTY
All Pergo vinyl floors have lifetime warranty***, so that you can enjoy your floors without worry.

Tested according to ISO 4760 (no leakage) and is not following EN13553 standards designed for welded resilient floor coverings.
*** For requirements, please advise floor installation instructions on website: Pergo.com.*
**** For full warranty go to Pergo.com.*

SOFT & SILENT

FLOORS FOR COMFORTABLE LIVING

A Pergo Rigid vinyl floor is a unique combination of comfort and durability. Defining our motto of Scandinavian functional design, the floors are warm to the touch and soft and silent to walk on – yet offers what can only be described as excellent resistance to wear and impact. Thanks to its acoustic layer in the core, the floor provides very pleasant room acoustics. Fantastic? Yes.

WATER RESISTANT

BECAUSE LIFE'S TOO SHORT
TO WORRY ABOUT WATER

All Pergo Rigid vinyl floors have AquaSafe,
our in-house developed technology that creates a
sealed, 100% watertight surface all the way down
into the bevels, preventing water from penetrating
the floor. It simply stands on the surface and you
can easily wipe it away.

NATURAL LOOK & FEEL

ELEVATE ANY ROOM WITH LONG LASTING-BEAUTY

A Pergo Rigid vinyl floor has extraordinary natural
designs and a tactile, matte surface, which make it
look and feel just like oak, carpet or concrete - with all
the worry-free benefits of a vinyl floor. Thanks to our
superior protective top layer it will maintain its fresh
appearance for you to show off to neighbours for
years to come.

WATCH
INSTALLATION VIDEO

NEW UNIZIP®:
HASSLE-FREE HERRINGBONE
INSTALLATIONS

ONE PANEL HERRINGBONE SOLUTION
The Unizip® technology makes it possible to
lay a herringbone floor with only one type of
panel, as there is no need to stock two types
of panels (A or B). The Unizip® technology
eliminates that inconvenience.

REDUCE MISTAKES DURING INSTALLATION
Easy Angle-Snap installation.
Better and easier installation experience.

EASY TO INSTALL
UNIZIP

NEW PAD PRO:
THE FASTER, EASIER WAY
TO INSTALL YOUR FLOOR

All of our Rigid click floors come with the underlay pre-attached,
to make installing floors speedier and easier.

Specially designed for professional installers in multi housing
projects, and enthusiasts who want to install more square metres
in a day. Another advantage with the Pad Pro is that it gives great
sound reduction to neighbouring rooms. Creating added comfort
in your home.

QUICK AND EASY INSTALLATION
There is no need for sub-work, because the
underlay is pre-attached on the floor.

A really fast way to install your floor even if
you're not a professional.

**SUPERIOR SOUND REDUCTION TO
NEIGHBOURING ROOMS**
Underlay is perfectly attached and gives
optimal accoustics.

**GREAT SUPPORT TO THE UNICLIC
CLICKSYSTEM**

VINYL PLANKS & TILES
PRODUCT BUILD-UP

TOP LAYERS
- Ultra durable top layer: its scratch and stain resistance ensures long-lasting durability, protecting against microscratches, scuffs and spills.
- Fine printed decor layer to create a true-to-nature design with deeper structure.
- Soft vinyl acoustic layer to assure low sound reflections and unique acoustic comfort.

CORE
- 2 compact layers assure strength and to protect the inner lightweight body. They offer excellent non-telegraphing features.
- 2 glass fiber reinforced rigid layers guarantee excellent dimensional stability.
- 2 lightweight body layers ensure a strong Rigid product without being heavy.

INTEGRATED UNDERLAY
- This integrated, fully recyclable pad helps with installation and eliminates the cost and time of a separate underlay. It offers optimal balance between lightness and noise reduction.

YOUR FLOOR – FINISHED IN STYLE

Choose from our wide range of accessories to give your interior that perfectly finished look. From seamless transitions to stairs or walls, silent underlays to improve your comfort or a skirting that finishes off the room in style. Details make perfection.

UNDERLAYS (FOR NON PADDED FLOORS)*
Make a great floor greater. Underlays increase walking comfort, improve your room's acoustics, avoid creaking noises and support the click system. They can be combined with underfloor heating too. No need to install a separate underlay when you choose a collection with pad attached.

SKIRTINGS
Finish the look with colour matching skirtings, or complete your interior style with one of the many paintable white skirtings.

PROFILES
Hide those saw cuts and give your floor room to expand with profiles. Create a smooth transition with the colour matched Incizo® profile. Or go for a metal finish.

ALL YOU NEED TO INSTALL, FINISH AND MAINTAIN YOUR FLOOR
A vinyl floor is more than the planks you walk on. It's a complete home decor solution. That's why Pergo also offers a full line of accessories. Everything you need for trouble-free installation, finishing and maintenance.
