

Pergo Vinyl Skirting

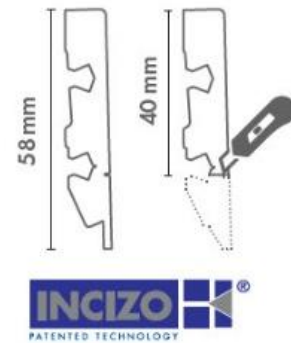

PGVSK(-)

PERGO®

Laminate

Vinyl

Parquet

Order Quantity

Per 6 PC, shrink-wrapped, 2 protective head cartons

Dimensions

2400 x 58 x 12 mm

Contents:

A pack of 6 skirting boards, including 8 corner plugs and 8 straight plugs.

Product Description:

The Pergo® standard skirting board provides a perfectly matching finish for your floor. The plugs supplied help you to neatly connect the skirting boards, both along the wall and in an inner or outer corner. The skirting board is equipped with the patented Incizo® technology, which makes it easy to cut it down from a board with a height of 58 mm to a board with a height of 40 mm.

- **100% matching** with your floor
- **Extra wear-resistant** vinyl top layer
- Quality MDF core
- **Easy installation** with the Pergo Multiglue on the wall
- The **warranty** on your Pergo floor is also valid for your Pergo skirtings

Installation:

1. Skirting board with Incizo® technology

The standard skirting board is equipped with the patented Incizo® technology so you can also cut it down to a board of 40 mm high. Use a strong and sharp Stanley knife to do this. Cut along the notch provided in the front **and at the back**. After that, it is possible to break off the skirting board by hand. We recommend using gloves for protection.

Please note that the Hydrostrip (NEHSTRIPSK) cannot be used, if you cut the skirting to a board of 40 mm high.

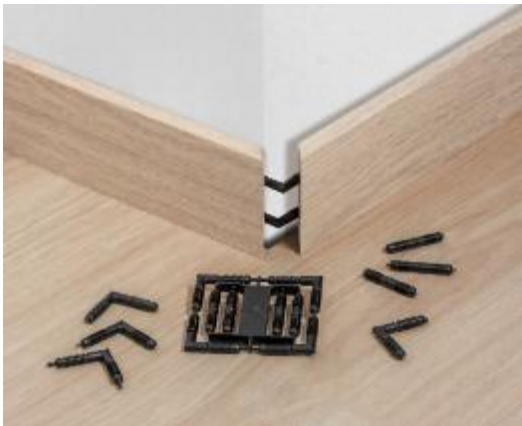

2. Easy installation with the help of dowels

To avoid the use of all kinds of "do-it-yourself" aids during the installation of your skirting boards, Pergo® provides plugs with which the skirting boards can be easily and permanently kept together. This is to help prevent situations like the following:

⇒ You need items such as pegs or weights to keep the skirting board in place properly during installation; the skirting board does not fit nicely against the wall after installation, the outer corner is open after installation, ...

No situations like in the above pictures but beautifully connected skirting boards, both along the wall and at inner and outer corners, thanks to the supplied plugs:

8 corner plugs en 8 straight plugs are included in each pack of 6 skirting boards. These plugs are assembled in 2 squares. You can detach the plugs from the squares (by hand or with a Stanley knife) before use.

The plugs are also available separately.

Order code: NEPLUG

Connection of 2 skirting boards along the wall

Outer corner

Inner corner

Please note that if you cut the skirting board down to a 40 mm board, you can only use the top plug. However, this does not impact on the end result.

3. Installation against the wall

✓ Using the Pergo® Multiglue

This multi-functional adhesive is specially designed for the installation of Pergo accessories on the wall.

Please do not use this on a floating vinyl floor covering.

Order code: PGGLUE290

✓ Watertight finish for rigid floors

Use the Hydrostrip (NEHSTRIPSK15) to finish of your rigid floor in a watertight manner, together with the PE foam (NEVRFOAMSTRIP15) and the Pergo Hydrokit.
